

4) Please list and describe the things that you know to be particularly challenging for your child.

5) What parenting techniques do you find most helpful with your child?

6) In what ways do you hope your child's teachers will support and stretch your child?

Has your child ever been tested or received treatment for any medical, therapeutic, psychological, educational, or behavioural delays or conditions?

Please Circle YES or NO

If you have circled "Yes" above, please provide us with a separate timeline summary of your child's identified delays and/or special conditions. Please include any pertinent educational and/or medical assessments and reports from any of your child's doctors, therapists, educational specialists and/or his/her school(s). Failure to disclose pertinent information may result in your child's refusal of admission or a possible need to discontinue your family's enrolment.

7. Please evaluate your child's development:
